EVENING ACTIVITY & LEADERSHIP TRAINING

Get ready to take center stage and grow your leadership prowess in the Evening Activity and Leadership Training! Engage in a thrilling array of competitions and challenges designed to ignite your competitive spirit. Showcase your smarts during TRivia Time, conquer exciting challenges, and seize the opportunity to claim fantastic prizes and bask in the glory of victory! This is your chance to forge connections with fellow student leaders, work out your leadership muscles, and stake your claim as one of the event champions.

OPENING SESSION & NETWORKING ACTIVITY

One of everyone's favorite parts of conferences is the networking time! Members will meet other students and leaders from all over the area, both in and out of their CTSO. Students will learn more about the opportunities available through CTSOs and the power of active membership.

CAREER PANEL

You cannot say Career and Technical Student Organization (CTSO) without CAREER! Learn about exciting career opportunities and how you can put your CTE experience into practice. Hear from industry leaders in a variety of professions as they share their insights and tips for becoming college+career-ready.

REEL LEADERSHIP ACADEMY

Calling all Leaders! Your future awaits and you are the star. In this track, you will get to know your costars, identify the role you want in life, learn the skills to make it happen and take ACTION! Students will learn more about their personality, productivity, and leadership skills that will help them become the leaders they were born to be.

KEYNOTE SPEAKER – JASON WETZLER

When Jason was four years old, he wrote a letter to Santa asking for a dinosaur bone and a rock from the moon. While his dream of becoming an astronaut paleontologist didn't pan out, his love of the unknown and his innate curiosity hasn't left him. As a full-time speaker, trainer, and coach, he has shifted his focus from finding answers to scientific questions to helping others answer questions like, "Why do I exist?" Through a variety of life experiences, he has come to understand the power in questions and that if we want to change our lives, we have to change our questions.
